PROFESSIONAL SUMMARY

Passionate web developer experienced in building dynamic MERN stack applications , Skilled in HTML, CSS, JavaScript, and creating scalable RESTful APIs. Proficient in database management, Git version control, and deployment. Strong collaborator, always eager to learn and improve through challenges.

WORK EXPERIENCE

Next Step Veteran

Front End Intern

July 2023 - August 2023

Job responsibilities:

- Developed responsive web designs using HTML, CSS, and JavaScript for optimized performance across devices
- Enhanced user engagement with interactive animations using Framer Motion

SNA Sistec Pvt Ltd

Web Developer Intern

September 2023 - November 2023

Job responsibilities:

- Contributed to the development and maintenance of dynamic web applications using HTML, CSS, and JavaScript for smooth user experiences.
- Gained experience with cross-functional team collaboration, enhancing communication skills and understanding project requirements.

PROJECTS

1. Finance App | |

JavaScript | React | Express.js | Node.js | Git | MongoDB

- Developed an Financial web application using React, JavaScript, and E Charts.
- Integrated Different charts for visualization of money flow.
- Added functionality to track expense in different time periods eg. Day, Month and year wise

2. Nutri Scan | |

JavaScript | React | tailwind js | node js | Node.js | Express.js |

MongoDB | Git | RESTful APIs

- Developed backend solutions with Node.js and Express.js for nutritional analysis. Designed RESTful APIs for barcode scanning and food data retrieval. Utilized MongoDB for storing nutritional information and optimized server configurations for better performance and scalability. Worked closely with cross-functional teams to continuously improve development processes

3. Weather App | |

JavaScript | React | HTML5 | CSS3 | Git

- The weather app provides real-time weather updates by fetching data through an external API. It displays key information like temperature, humidity, and conditions based on the user's city input. The app features a clean and responsive design for an optimal experience across devices.
